

## **Hello Whidbey Island Dance Theater Company & Community Dancers!**

The Nutcracker is right around the corner, and I wanted to send you all a friendly email regarding costumes. Each dancer will need certain pieces to complete their costumes that are not provided by the costume department. The main costumes pieces are provided and listed in the roles. Below I have listed all dancer roles that include their costume details;

As a reminder company dancer are responsible for their own stage make up. Community dancers will have volunteers to help with makeup in the small theater room. Ballet buns need to be clean, free of any fly away, and need to sit on the crown of the head. All dancers need to wear a nude camisole leotard under their costumes at all time, and young boys need to wear formfitting plain white tanks, and black bike shorts. After each dress rehearsal & performance please return all costumes and accessories back on to their correct hangers and make sure you have your name tags attached to their hangers. Accessories place in the proper totes, and bags. Do not take any of the costumes home. If there are any issues with your costumes please notify the costume mistress, and or aid. Please remember not to eat while in your costume. Water is fine.
